

# The “Smooth” Challenge

Alina Boghiu

Adam Fiksen

John walker

*Abstract*—The abstract goes here.

## I. INTRODUCTION

This demo file is intended to serve as a “starter file” for IEEE conference papers produced under L<sup>A</sup>T<sub>E</sub>X using IEEE-tran.cls version 1.7 and later.

mds

January 11, 2007

## II. HARDWARE: DETAILS AND CHOICE MOTIVATION

## III. IMPROVEMENT HYPOTHESIS

## IV. APPROACH

*A. Source code modifications*

*B. Experiments*

*C. Advantages and effectiveness*

## V. GROUP MANAGEMENT

## VI. CONCLUSIONS

## ACKNOWLEDGMENT

The authors would like to thank...
